PRESIDENT: Any discussion of the motion? The question is shall the amendments to LB 200 be adopted. All in favor say aye. Contrary say nay. The motion is adopted.

CLERK: Now Mr. President, there is a motion to amend LB 200. Strike sections 1 and 2 and insert a new section to read as follows: (read section, found on page 763 in Journal).

PRESIDENT: Senator Dworak.

SENATOR DWORAK: Mr. President, I move the adoption of this amendment. The intent of the amendment is to bring the wording in line that would not exclude mayors in metropolitan areas, primary cities, second class cities, and villages. The initial wording included only those mayors in first class cities. It is the opinion that this would constitute class legislation. The new wording merely encompasses all mayors in Nebraska.

PRESIDENT: Senator Barnett.

SENATOR BARNETT: I've got a question of Senator Clark. I would like to kill that bill, but then you wouldn't let me do that, so I wanted to find out what you're giving the mayor of Lincoln now that he doesn't already have?

SENATOR DWORAK: We're not giving him anything.

SENATOR BARNETT: Then where is the class legislation that you're talking about?

SENATOR DWORAK: All that we're doing now . . . well this . . . before we were trying to take the pardoning power away only from mayors of first class cities. Now it includes all mayors. They would be treated equally.

SENATOR BARNETT: In relation to driving.

SENATOR DWORAK: Pertaining only to points.

SENATOR BARNETT: OK. OK.

SENATOR DWORAK: Not driving points.

SENATOR BARNETT: OK.

PRESIDENT: Any other discussion? The question is shall the specific amendment to LB 200 be adopted. Record your vote. Record Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President.

PRESIDENT: The amendment is adopted. Senator Dworak.

SENATOR DWORAK: Mr. President, I move that LB 200 be advanced to E & R for engrossment.

PRESIDENT: Any discussion of that motion? The question is shall LB 200, as amended, be advanced to E & R final. All in favor say aye. Contrary say nay. The bill is so advanced.
